Each Vendor shall provide a description of their technical approach, detailed and complete enough to clearly and fully demonstrate an understanding of the Statement of Work (SOW) requirements. Phrases such as “Standard procedures will be employed” and “well known techniques will be used” are not considered an adequate description. Although it is recognized that all of the technical criteria cannot be detailed in advance, the techniques and procedures you plan to follow must be described in as much detail as the Vendor considers necessary to fully explain their proposed technical approach or method.

At a minimum, the vendor shall address the following:

- 1) Demonstrate the ability to design and install a natural gas generator power system in compliance with all electrical codes and safety standards (e.g., National Electric Code and National Fire Protection Association).

- 2) Demonstrate that the technical specifications of the generator system (equipment) and the ability of the generator system complies with Environmental Protection Agency emissions regulations.

TAB B – PAST PERFORMANCE: Offeror's shall identify up to three contracts, which it has recently performed within the last 3 years from of the release date of this RFP, or is currently performing, that are similar in nature to this contract.

Proposal contents that exceed the stated page limitation will be removed from the proposal by the Contracting Officer, prior to turning the proposal over to the Government evaluation team and will not be considered in the evaluation.

Proposals shall be prepared with Times New Roman or Arial font, 12-point font size, single line spacing, 1-inch margins, and 8-1/2 x 11-inch paper. Tables, figures, and graphs may use Arial, 10-point font, single-spaced.

2) Quote Evaluation

Proposals submitted in response to this RFP will be evaluated as follows:

Factor A – TECHNICAL APPROACH: The Government will evaluate the Vendor's proposed technical approach to determine the extent to which the Vendor's solution reflects a demonstrated understanding of the requirements, and sound, practical, and feasible methods to accomplish all tasks, and proposes acceptable methods for ensuring the design and installation of the natural gas generator power systems is in compliance with all electrical codes and safety standards, the technical specifications of the generator system (equipment) and the ability of the generator system complies with Environmental Protection Agency emissions regulations, and the technical solution is capable of reliably supporting the existing TCOC, TEF, and other communications hub operations during power interruptions.

Acceptable: The quote demonstrates an understanding of the requirements, sound, and practical and feasible methods to accomplish all tasks, and proposes acceptable methods for ensuring the design and installation of the natural gas generator power systems is in compliance with all electrical codes and safety standards; the technical specifications of the generator system (equipment) and the ability of the generator system complies with Environmental Protection Agency emissions regulations, and the technical solution is capable of reliably supporting the existing TCOC, TEF, and other communications hub operations during power interruptions.

Unacceptable: The quote does not demonstrate an understanding of the requirements, sound, and practical and feasible methods to accomplish all tasks, and/or fails to propose acceptable methods for ensuring the design and installation of the natural gas generator power systems is in compliance with all electrical codes and safety standards; the technical specifications of the generator system (equipment) and the ability of the generator system does not comply with Environmental Protection Agency emissions regulations, and/or the technical solution is not capable of reliably supporting the existing TCOC, TEF, and other communications hub operations during power interruptions.

Factor B – PAST PERFORMANCE: The Government will evaluate the Offeror's past performance supporting the deployment of hub equipment as proven by the successful delivery of equipment, design and deployment of hub infrastructure on current contracts of a similar size, scope and complexity, as proven by the successful management of current and previous contracts of a similar scope, magnitude, and complexity during the last three (3) years from the date of this solicitation. In performing this evaluation, the Government will consider the Offeror's past performance information provided by the Offeror (up to 3 references) and may consider

information obtained from other sources. If there is no relevant past performance information, past performance will be rated as neutral.

Acceptable: Past performance is applicable in terms of content, scope and complexity and at least good in quality. The Offeror's record of past performance indicates there is very little risk associated with receiving quality products, timely delivery of services and contract performance. Past performance surveys and the Offeror's experience indicate that the Offeror will meet or exceed the requirements of the solicitation.

Unacceptable: Past performance may be limited in applicability in terms of content, scope and complexity and at least marginal in quality. The Offeror's record of past performance indicates there are significant risks associated with receiving quality products, timely delivery of services and contract performance. Past performance surveys and the Offeror's experience indicate lack of customer satisfaction and the Offeror's experiences indicate the likelihood of several major problems during performance of the requirements of the solicitation.

Neutral: No past performance available for evaluation. Offeror has asserted that it has no directly related or similar relevant past performance experience. Proposal receives no merit or demerit for this factor.

Factor C -E-Verify:

The Offeror will be evaluated on management effectiveness with respect to participation in the E-Verify Program.

Participation in E-Verify: The offeror will be evaluated on the extent to which it demonstrates current, or recently initiated, enrollment and current, or planned participation in the E-Verify Program.

In evaluating demonstrated participation, the participation will be considered a "strength" relative to the extent and duration of application of the program to the offeror's workforce.

Lack of participation in the program will not be considered to be a weakness and the offeror will be considered "Acceptable" for this factor.

Firms may register for the E-Verify Program on-line at:

<https://www.vis-dhs.com/employerregistration>. This site provides instructions for completing the Memorandum of Understanding (MOU) for official registration in the Program.

Offerors may obtain additional information about E-Verify by visiting the U.S. Citizen and Immigration Services (USCIS) website at: <http://www.DHS.GOV/E-VERIFY> or calling the USCIS at 1 (888) 464-4218.

Acceptable: Demonstrates current or recently initiated enrollment, and current or planned participation in the E-Verify Program.

Unacceptable: N/A (Lack of participation in the program will not be considered to be a weakness and the offeror will be considered "Acceptable" for this factor).

Factor E - PRICE: In evaluating price, the Government will determine that the total price is fair and reasonable. The Government will evaluate price proposals for award purposes by adding the total price for all items in Attachment D.

3) Basis for Award

The evaluation shall be conducted in a lowest price technically acceptable manner. Each technical evaluation factor will be evaluated as "Acceptable" or "Unacceptable". To be determined technically acceptable, the offeror must be rated "Acceptable" (or "Neutral" for the Past Performance factor) in each of the areas identified by the following technical evaluation factors:

- a. Technical Approach
- b. Past Performance
- c. E-Verify
- d. Price

There will be no trade-offs. The Government reserves the right to award multiple contracts for separate line items based on the lowest price technically acceptable item for a particular CLIN. The Government reserves the right to award without discussions.

After a proposal has been determined technically acceptable, price becomes the most important factor.

(b) The Contractor shall include the substance of this clause including this paragraph (b) in all subcontracts.

52.204-11 AMERICAN RECOVERY AND REINVESTMENT ACT—REPORTING REQUIREMENTS

(a) Definitions. As used in this clause—

“Contract”, as defined in FAR 2.101, means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and notices of awards; job orders or task letters issued under basic ordering agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements covered by 31 U.S.C. 6301, et seq. For discussion of various types of contracts, see FAR Part 16.

“First-tier subcontract” means a subcontract awarded directly by a Federal Government prime contractor whose contract is funded by the Recovery Act.

“Jobs created” means an estimate of those new positions created and filled, or previously existing unfilled positions that are filled, as a result of funding by the American Recovery and Reinvestment Act of 2009 (Recovery Act). This definition covers only prime contractor positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as “full-time equivalent” (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-time schedule, as defined by the contractor. For instance, two full-time employees and one part-time employee working half days would be reported as 2.5 FTE in each calendar quarter.

“Jobs retained” means an estimate of those previously existing filled positions that are retained as a result of funding by the American Recovery and Reinvestment Act of 2009 (Recovery Act). This definition covers only prime contractor positions established in the United States and outlying areas (see definition in FAR 2.101). The number shall be expressed as “full-time equivalent” (FTE), calculated cumulatively as all hours worked divided by the total number of hours in a full-

time schedule, as defined by the contractor. For instance, two full-time employees and one part-time employee working half days would be reported as 2.5 FTE in each calendar quarter.

“Total compensation” means the cash and noncash dollar value earned by the executive during the contractor’s past fiscal year of the following (for more information see 17 CFR 229.402(c)(2)):

(1) Salary and bonus.

(2) Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.

(3) Earnings for services under non-equity incentive plans. Does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

(4) Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.

(5) Above-market earnings on deferred compensation which is not tax-qualified.

(6) Other compensation. For example, severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property if the value for the executive exceeds \$10,000.

(b) This contract requires the contractor to provide products and/or services that are funded under the American Recovery and Reinvestment Act of 2009 (Recovery Act). Section 1512(c) of the Recovery Act requires each contractor to report on its use of Recovery Act funds under this contract. These reports will be made available to the public.

(c) Reports from contractors for all work funded, in whole or in part, by the Recovery Act, and for which an invoice is submitted prior to June 30, 2009, are due no later than October 10, 2009. Thereafter, reports shall be submitted no later than the 10th day after the end of each calendar quarter.

(d) The Contractor shall report the following information, using the online reporting tool available at www.FederalReporting.gov.

(1) The Government contract and order number, as applicable.

(2) The amount of Recovery Act funds invoiced by the contractor for the reporting period. A cumulative amount from all the reports submitted for this action will be maintained by the government’s on-line reporting tool.

(6) An assessment of the contractor's progress towards the completion of the overall purpose and expected outcomes or results of the contract (i.e., not started, less than 50 percent completed, completed 50 percent or more, or fully completed). This covers the contract (or portion thereof) funded by the Recovery Act.

(7) A narrative description of the employment impact of work funded by the Recovery Act. This narrative should be cumulative for each calendar quarter and only address the impact on the contractor's workforce. At a minimum, the contractor shall provide—

(i) A brief description of the types of jobs created and jobs retained in the United States and outlying areas (see definition in FAR 2.101). This description may rely on job titles, broader labor categories, or the contractor's existing practice for describing jobs as long as the terms used are widely understood and describe the general nature of the work; and

(ii) An estimate of the number of jobs created and jobs retained by the prime contractor, in the United States and outlying areas. A job cannot be reported as both created and retained.

(8) Names and total compensation of each of the five most highly compensated officers of the Contractor for the calendar year in which the contract is awarded if—

(9) For subcontracts valued at less than \$25,000 or any subcontracts awarded to an individual, or subcontracts awarded to a subcontractor that in the previous tax year had gross income under

\$300,000, the Contractor shall only report the aggregate number of such first tier subcontracts awarded in the quarter and their aggregate total dollar amount.

(10) For any first-tier subcontract funded in whole or in part under the Recovery Act, that is over \$25,000 and not subject to reporting under paragraph 9, the contractor shall require the subcontractor to provide the information described in (i), (ix), (x), and (xi) below to the contractor for the purposes of the quarterly report. The contractor shall advise the subcontractor that the information will be made available to the public as required by section 1512 of the Recovery Act. The contractor shall provide detailed information on these first-tier subcontracts as follows:

(h) *Certification Regarding Responsibility Matters (Executive Order 12689).* (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) o Are, o are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) o Have, o have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) o Are, o are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) o Have, o have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products* (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(k) *Certificates regarding exemptions from the application of the Service Contract Act.* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

☐ (1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror ☐ does ☐ does not certify that—

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)
